Directions

1. Brayer Herb Garden ink on two White cards. Brayer until the card is full of ink and quite dark. Use Bleach pen to squirt small dots all over two cards. Let set over night. Trim one card, corner notch and layer to a Light Green card. Trim other card to a 3 ½ by 2 ¼ panel. Make two photo corners out of the remainder using photo punch.
2. Ink brayer with Foliage dye ink, spray with water and brayer onto a White card. Repeat steps making two cards. Trim one of the cards to a 4 ¼ by 3 card. Stamp Flower border from set using Herb Garden ink over whole card. Trim remaining card to a 3 ¼ by 2 panel. Stamp two Flowers and jar using Black dye ink on the remaining piece. Cut out three stampings.
3. Layer Polka dot corners to the Foliage panel. Mount jar, two Flowers and double tie string around base of flowers. Layer panel to the Polka Dot panel. Punch out two Light Green photo corners and layer to the Flower border/Foliage brayered card. Place photo corners opposite of Polka Dot corners. Mount panels to card.
4. Layer all to the Polka Dot/Light Green card and then to a folded White card. Place stick on jewels to Flower centers and also to the Green Photo corners as shown.
